The war on family reaches unprecedented levels. Not only do they attack the Church, they want to destroy the "Little Church" as well. There is nothing that God established that they won't try to overturn !

*The Obama Justice Department is arguing in the United States Supreme Court that children do not need mothers.*

*The Justice Department's argument on the superfluity of motherhood is presented in a brief the Obama administration filed in the case of Hollingsworth v. Perry, which challenges the constitutionality of Proposition 8, the California ballot initiative that amended California's Constitution to say that marriage involves only one man and one woman.*
