

# Everything is rigged (and no, the Illuminati are not amateurs) !

A very interesting article [published in the Rolling Stone magazine](#) has certainly raised a few eyebrows, we are sure. The article portrays a level of corruption in the financial world of such a magnitude that would make the Illuminati look like "amateurs". Very smart!

BTW, this is a must read article as it shows the magnitude of the problem we are facing.

The article starts by stating: ***Conspiracy theorists of the world, believers in the hidden hands of the Rothschilds and the Masons and the Illuminati, we skeptics owe you an apology. You were right. The players may be a little different, but your basic premise is correct: The world is a rigged game. We found this out in recent months, when a series of related corruption stories spilled out of the financial sector, suggesting the world's largest banks may be fixing the prices of, well, just about everything.***

For an Orthodox Christian familiar with St Seraphim of Platina's "Orthodox Survival Course" (which is available on our site under [Ennobling Literature](#) section) this statement would certainly be even more eyebrow raising.

At page 79 we can read:

***We see later in art, in 1914, a movement broke out called Dada which is considered very formative for later artists. These artists would glue bits of newspaper advertisements into collages or arrange copies of Old Masters upside-down -- just to look bizarre. But there is a meaning behind all this. The philosophy of the art of Dada is summed up in one of their manifestos: "Let everything be swept away; no more of anything. Nothing. Nothing. Nothing." This is what is called Nihilism, the desire to sweep away God, government, morality, art, culture, civilization -- everything, which is what is set forth in the philosophy set forth by Weishaupt and the Illuminati: the complete overthrowing of civilization. What comes after that as we shall see is something else...***

In light of this it seems the article would have been less disingenuous if it had stated that the Illuminati have in fact very much achieved the much desired outcome. They are creating so much iniquity that this will surely awaken the spirit of rebellion once more - when the whole financial system collapses ... and then everyone will rise up against everyone else seeking justice ...

We further read in the course: ***"This desire for rebellion, we must understand, is a very deep part of this whole revolutionary movement, not just some accidental part. The revolution is not caused by idle dreamers who just want to blunder their way into a better order of things or to revise the government, the deepest motive for rebellion as we see clearly in these radical thinkers of the last part of the nineteenth century, is really the idea that everything must be destroyed. And they didn't much think about what was to happen after that. They have this satanic inspiration to destroy."***

What the Rolling Stone article is trying to play down is that there could be a plan for such a big conspiracy, where it is all in plain view - take for example the [Fabian Society's famous Window](#) depicted in the halls of London School of Economics - have you seen it? It depicts a the Earth being hammered away until it becomes so "red hot" that they can "mold it to their heart's desire". Have you seen their window? Or their logo (a wolf in sheep clothing)? Did you know that the communism was a Fabian Society experiment? Or do you know what link there is between them, George Orwell and the "1984" book? Would this give a little bit of a perspective of what is happening in the West today? Do you know how many of our leaders are members of this insidious secret society ? Please look it up - you will be surprised !

We covered part of this plan in our [Mystery of Iniquity](#) section, where we saw how the mystery of lawlessness is to be gradually revealed to the world in the last times: ***According to Father Seraphim Rose, it is called a mystery "because a mystery is something that is not fully revealed in this world, that comes from another world. The mystery of righteousness is the whole story of how God came from heaven and became incarnate in order to save us; and the mystery of iniquity is the opposite - it's a mystery coming up from hell that breaks into this world and changes it."***

The plan is, of course, to create so much iniquity and injustice that it causes the collapse of the current God established order entirely and plunge the world into complete chaos out of which a "saviour", one who would lead the rebellion against all these injustices, and bring about a new era, would emerge. The "Orthodox Survival Course" is mainly centered around the objective of studying the history of revolution throughout history, exposing its real purpose and nature, which has the end goal the enthronement of the antichrist: ***"He (Donoso Cortes) saw that the ending of religious influence on politics, that is, the atheist revolution, would produce in the future the most gigantic and destructive despotism ever known. In fact, in one of his talks before the Parliament in Spain, 1852, he told them that the end of the revolution is Antichrist, we can see on the horizon in the next century. In that respect he's quite profound. Here he gives some general quotes on the liberals and socialists."*** excerpt from the Orthodox Survival Course - page 56.

One of the most revealing documents of what their plans are is [The Protocols of the Elders of Zion](#) from which we will make a few quotes:

1. In order to achieve their goals they talk about creating a universal money crisis, using the masonic lodges: *"We must take no account of the numerous victims which will have to be sacrificed in order to obtain future prosperity."*
2. Once the crisis is created, they will also provide the solution: *"Ever since that time we have been leading the peoples from one disenchantment to another, so that in the end they should turn also from us in favor of that King Despot of the blood of Zion, whom we are preparing for the world"*
3. In the 10th protocol we can read: *"The recognition of our despot may also come before the destruction of the constitution; the moment for this recognition will come when the peoples, **utterly wearied by the irregularities and incompetence -- a matter which we shall arrange for** -- of their rulers, will clamor: „Away with them and give us one king over all the earth who will unite us and annihilate the causes of discord -- frontiers, nationalities, religions, State debts -- who will give us peace and quiet, which we cannot find under our own rulers and representatives"*

And we know this plan is in motion today in America from the very words of Saul Alinski, [one of their heros from the 60's](#) (in the words of [MSNBC's Chris Matthews](#)) who dedicated his whole book "Rules for Radicals" to one cause:

**“Lest we forget at least an over-the-shoulder acknowledgment to the very first radical: from all our legends, mythology, and history... the first radical known to man who rebelled against the establishment and did it so effectively that he at least won his own kingdom — Lucifer.”**

The signs of the ["Coming Insurrection"](#) (communist revolution) are plentiful and Glenn Beck did a great job exposing all the radical revolutionaries that have already taken over America. We are therefore not going to spend very much time explaining it, but will limit to making a few relevant references:
