Just a few days ago, in a previous article we examined [who the dragon of the apocalypse was](#). Surely on the same line, we now hear that the Jesuit Pope himself is joining in the global propaganda, criticizing free market capitalism and pushing for wealth redistribution.

We are not advocating for a free market capitalist system, rather we are trying to point out how the iniquities of the capitalist system are being used to justify the coming world wide communist regime. In fact it is becoming increasingly clear that Capitalism (which was created by the same people as Communism) has indeed a very special role in the unfolding of the mystery of iniquity and lawlessness in the end times.

And in due course, the whole capitalist system will indeed be unraveling ...

Quote:

*A product of the Enlightenment, laissez-faire capitalism was “conceived as the way to unleash human potential through the restoration of a natural system, a system unhindered by the restrictions of government”.*

**This point is extremely important because it shows that the West (and in particular America) is the final product of centuries of "progress" towards humanism and away from God that started with the great schism in 1054, a process presented in so much detail in Blessed Seraphim's Orthodox Survival Course. On this subject of America being the final product of the [Age of Enlightenment](#) (or Age of Reason) we will be following with a special post.**

More:

*Some people continue to defend trickle-down theories which assume that economic growth, encouraged by a free market, will inevitably succeed in bringing about greater justice and inclusiveness in the world. This opinion, which has never been confirmed by the facts, expresses a crude and naïve trust in the goodness of those wielding economic power and in the sacralized workings of the prevailing economic system. Meanwhile, the excluded are still waiting.”*

Could there be any relation between the Jesuits and the Fabian Society? The following youtube video implies the Jesuits founded the Fabian Society:

And here is what we can find at the following link:

*" The Jesuits...are a secret society – a sort of Masonic order – with superadded features of revolting odiousness, and a thousand times more dangerous. " – Samuel Morse*

" I have learnt most of all from the Jesuit Order. So far, there has been nothing more imposing on earth than the hierarchical organization of the Catholic Church. A good part of that organization I have transported direct to my own party. The Catholic Church must be held up as an example. I will tell you a secret. I am founding an order. In Himmler (who would become head of the Nazi party) I see our Ignatius de Loyola (Jesuit founder). " – Adolph Hitler

" The Jesuits are a MILITARY organization, not a religious order. Their chief is a general of an army, not the mere father abbot of a monastery. And the aim of this organization is power – power in its most despotic exercise – absolute power, universal power, power to control the world by the volition of a single man. Jesuitism is the most absolute of despotisms – and at the same time the greatest and most enormous of abuses. " – Napoleon Bonaparte

" It is my opinion that if the liberties of this country – the United States of America – are destroyed, it will be by the subtlety of the Roman Catholic Jesuit priests, for they are the most crafty, dangerous enemies to civil and religious liberty. They have instigated MOST of the wars of Europe. " – Marquis de LaFayette

It is hard for us to emphasize how invaluable Blessed Seraphim Rose's [Orthodox Survival Course](#) is becoming today, and how much light it sheds on what is currently happening in the world.
