

# St Herman of Alaska Church Vandalized

Categories : [Apostate World](#)

America has turned against its only True Christian roots by desecrating the very place where the one who established Orthodoxy in North America has been resting for a few centuries - St Herman of Alaska and All America, also the patron Saint of our mission.

Is this a sign of the fast approaching judgement of a nation that has turned against True Christianity, and a true reflection of the precarious spiritual state of its people?
