

A NEW JOYOUS WAY OF HAVING CHILDREN

Notice which country is still standing up to God's Law. No wonder it's being propagandized as the world's axis of evil & being blamed for all the horrors of the world. It won't be long before a new visitation of the Three Holy Angels (who visited Sodom and Gomorrah), in the form of a right believing and highly spiritual Emperor will be manifest SOON.

Although the West will stage for millions of deaths before this comes to pass - some holy people today predict as much as one third of the world's population. Every murder is a direct affront to the Law of Christ- it's blasphemy against the Holy Spirit, because its agenda is to eliminate God's greatest creation, replacing it with the "law of the demons". A direct affront to the God-Man. To God Who took upon Himself our nature, as the pinnacle of Creation for all eternity.
